

PRIVACY STATEMENT

Your privacy is important to Biophoretics, Inc. This privacy statement provides information about the personal information that Biophoretics collects, and the ways in which it uses that personal information. Biophoretics does not sell your personal information.

Personal information collection

Biophoretics may collect and use the following kinds of personal information:

- General information about your use of this website, including page visits so we can build a better experience for you.
- Information that you provide for the purpose of registering within the website, including: information about transactions carried out over this website.
- Information that you provide for the purpose of subscribing or submitting data to the website for analytical or customer support services.

Using personal information

Biophoretics may use your personal information for the following purposes:

- administer this website
- personalize the website for you
- enable your access to and use of the website services
- publish information about you on the website
- send to you products that you preferentially purchase or that we feel would benefit you
- supply to you services that you purchase
- send to you statements and invoices
- collect payments from you
- send you marketing communications

Where Biophoretics discloses your personal information to its agents or sub-contractors for these purposes, the agent or sub-contractor in question will be obligated to use that personal information in accordance with the terms of this privacy statement, and too not sell or disclose to any other party.

In addition to the disclosures reasonably necessary for the purposes identified elsewhere above, Biophoretics may disclose your personal information to the extent that it is required to do so by law, in connection with any legal proceedings or prospective legal proceedings, and in order to establish, exercise or defend its legal rights.

Securing your data

Biophoretics will take reasonable technical and organisational precautions to prevent the loss, misuse or alteration of your personal information. Biophoretics will store all the personal information you provide on its secure servers, which are routinely audited for security. Information relating to electronic transactions entered into via this website will be protected by encryption technology.

Cross-border data transfers

Information that Biophoretics collects may be stored and processed in and transferred between any of the countries in which Biophoretics operates to enable the use of the information in accordance with this privacy policy. In addition, any personal information or data that you agreed to submit for publication on the website will be published on the internet and may be available around the world, eg. Application notes, etc.

You agree to such cross-border transfers of personal information.

Updating this statement

Biophoretics may update this privacy policy by posting a new version on this website.

You should check this page occasionally to ensure you are familiar with any changes.
